The famous stars join vintage styles and come back more renewed than ever!

- Lorena Canals launches a new collection inspired by one of the **children's bestsellers**: the stars. It is available in a **new size** (120 x 175 cm) and **4 renewed colors**: Natural, Grey, Nude Vintage and the new Aqua Blue.
- Star silhouettes of different sizes are **distributed asymmetrically** to create a **hippie-inspired design** that will bring light to any room, thanks to the **pastel colors** in which it is available.
- The **base** of the rug, which is **visible inside the stars** and on the edges of the design, is **previously dipped** into natural dyes.
- This effect between the base of the carpet and the parts that are woven creates a very original **contrast of textures and reliefs**, which is very pleasant to the touch.
- The **beige color** you see on one of the references is from the **natural cotton**, after being carefully selected and washed.
- Varying the clearance between the stitches, this collection is characterized by a **subtle striped texture** that gives a **vintage touch** to the designs.
- On these references, the **fringe** is composed of **small pom poms** of the same color that have been **handmade** and sewn by our artisans at the edges of the rug.
- You can **match these rugs** with the **knitted cushions and blankets** made from cotton that Lorena Canals is launching simultaneously and are part of the whole Hippy Stars Collection. They are available in **3 colors**: natural, vintage nude and pearl grey.
- These rugs are ideal both for **children's rooms** and for **any corner at home**: indoors and outdoors. They bring a **fresh touch** to the home decoration.
- **They are washable**: there is no problem if they get dirty, because you can wash them at home.
- **They are safe**. You can keep them always clean, so children can be in direct contact with the rug.
- **They are handmade**. Every rug is elaborated carefully and individually, so each one is unique. No two are alike.
- Made from **100% natural cotton**, they are soft, cozy and bring warmth to any room. Natural cotton is fresh in summer and warm in winter.
- **They are lightweight** (compared to traditional rugs) so you can easily move them from place to place. You can place them everywhere: from your porch to your room.
- The brand offers high-quality **non-slip PVC underlays** to place under the rugs if necessary.
- Lorena Canals is the **pioneer of the concept of washable rugs and cushions**, which has revolutionized the decoration sector and has been gladly accepted by an increasingly practical and demanding society.
