Discover a fascinating world under the deep ocean!

- A big fish of different textures and the ocean shore from any paradisiacal place are the main characters in this new Lorena Canals collection **inspired by the Sea**.
- The **beige color** you see on the base of the rugs is from the **natural cotton**, after being carefully selected and washed.
- The **Big Fish** design is made from **one single color**, but **different sewing techniques**, such as *looping* or *chenille*, has been used to create several textures that allow us to see all details.
- The **fin of the fish** is composed of **longer fibers** woven above the base of the rug, resulting in a **messy, fluffy fringe** that brings an **original touch** to the design.
- Lorena Canals launches a renewed blue called **Aqua Blue**, which is the main color in the **Ocean Shore** rug.
- In this design, some areas of the base shaped like **small fishes have not been woven** and have been randomly distributed around the blue background.
- At the edges of the **Ocean Shore** design, a **messy fringe** woven above the base of the rug pretends to be the **foam from the waves** when breaking on the seashore.
- This effect between the base of the carpet and the parts that are woven creates a very original **contrast of textures and reliefs**, which contributes the uniqueness of the product.
- You can **match these rugs** with the **washable cushions, wall decor and the original "Sea Sky"** that Lorena Canals is launching simultaneously and that are part of the whole Sea Collection.
- These rugs are ideal both for **children's rooms** and for **any corner at home**: indoors and outdoors. They bring a **summery, fresh touch** to the home decoration.
- **They are washable**: there is no problem if they get dirty, because you can wash them at home.
- **They are safe**. You can keep them always clean, so children can be in direct contact with the rug.
- **They are handmade**. Every rug is elaborated carefully and individually, so each one is unique. No two are alike.
- Made from **100% natural cotton**, they are soft, cozy and bring warmth to any room. Natural cotton is fresh in summer and warm in winter.
- **They are lightweight** (compared to traditional rugs) so you can easily move them from place to place. You can place them everywhere: from your porch to your room.
- The brand offers high-quality **non-slip PVC underlays** to place under the rugs if necessary.
- Lorena Canals is the **pioneer of the concept of washable rugs and cushions**, which has revolutionized the decoration sector and has been gladly accepted by an increasingly practical and demanding society.
- Lorena Canals offers the **optimum cost-benefit** ratio.
- Lorena Canals is **environmentally friendly**. Non-toxic dyes and 100% natural raw materials are used.
