Esta casa está en el Pirineo, pero podrías decir que es un poco inglesa, un poco industrial... ¿Su secreto? Además de un precioso papel pintado en la chimenea, tiene varios... ¡Entra y descúbrelos!

### VIDA DE LOS NIÑOS

Es de una cama rodeo extra, hay espacio para jugar con cojines y compartir momentos con amigos. No sería la primera vez. Camas hechas a medida. Fundas nórdicas, plaid y cojines, del Escociano. La alfombra, los cojines, el cojín redondo y los guirnaldas.

### UNA GRAN BUHARDILLA PARA SOÑAR, JUGAR Y COMPARTIR

La buhardilla originalmente estaba abierta, era como otra zona de estar. Ahora es un territorio donde se empinan las linternas de los velos, "Un Escociano, a la que nos despidamos, acaban durmiendo juntos, así que aquí les dimos el gusto". Cortinas de Disney Cinderela, alfombra redonda de Lorena Canals, puff de Inda & Pacific.

### DISTRIBUIR PENSANDO EN EL FUTURO

De hecho, la distribución del dormitorio está pensada para que, con los años, si se "arrepienten" puedan hacerse dos dormitorios diferenciados. Funda nórdica, cojines y plaid de Filocolore, Apliques de Faro, puff de Inda & Pacific, cojín redondo y guirnalda de Lorena Canals.

### UNA SELECCIÓN DECO PARA SOÑAR CON LA PRIMAVERA

Me imagino que a estas alturas, los amantes de la decoración y el interiorismo andáis empapándoos de inspiración y fichando novedades para la llegada de la primavera, y cómo no, para abordar la puesta a punto de vuestra casa. Yo también, claro, a través de mis frecuentes visitas a los editoriales frescos, recién salidos de nuestras marcas deco favoritas, y por supuesto, de la mano de todos los materiales de prensa que voy recibiendo estos días, que se afanan en informarnos de todas las novedades que van llegando para poner luz y color a las últimas semanas invernales.

Bien, he seleccionado aquellos looks, muebles, piezas deco y editoriales que más me han emocionado y que espero que provoque también una reacción positiva en vosotras de cara a refrescar (al menos un poquito) el ambiente en casa. La mayoría de ellos ya han aterrizado pero hay otros para los que todavía habrá que tener paciencia y esperar... Venga, no os entretengo más, aquí van todos...

**Las novedades de primavera de Lorena Canals**

La flor de algodón, el mar y las flores son la inspiración de la diseñadora de alfombras para esta nueva temporada, con delicadas tramas florales en rosa, crudo y coral, así como pequeños acentos en verde que aportan textura y relieve a la experiencia de andar descalzo en casa.

### LORENA CANALS : D'UNE IDÉE, ELLE A FAIT UNE SUCCESS STORY

**UN CONCEPT RÉVOLUTIONNAIRE**

D'un besoin pratique – laver ses tapis en machine – Lorena a créé un univers de coton. Thème après thème, elle dessine tapis, coussins, paniers ou accessoires pour la maison avec la même passion, la même implication, le même engagement depuis bientôt 20 ans. Découvrez la dernière ligne Woolable en laine lavable!

**NÉE EN CATALOGNE**

Même si Lorena Canals fabrique en Inde, c'est en Catalogne que la marque a ses attaches. La créatrice vit près de Barcelone où elle a élevé ses filles et même Lorena Canals vers le succès. Cette région qui lui est chère est une inspiration constante et sert de décor à tous les catalogues de la marque.

**ENGAGEMENT**

Fruit de l'inquiétude de la créatrice, le Sakala Project de Lorena Canals est né en 2008, avec la construction d'une nursery au Haryana, dans le nord de l'Inde, pour que les enfants des rues, qui ne bénéficient d'aucun type de protection et de sécurité, disposent d'un endroit où passer la journée, manger un repas par jour, être soignés et recevoir une instruction qui les aide à préparer un avenir meilleur. Aujourd'hui, 120 enfants y sont accueillis.

**SAVOIR-FAIRE**

Les tapis Lorena Canals sont tissés selon les méthodes artisanales au nord de l'Inde, dans leur propre usine comptant 170 artisans. Ils sont tous uniques car entièrement faits à la main. Le coton est issu de plantations au nord-ouest de l'Inde et récolté de façon naturelle. Les teintures sont également naturelles. Acheter un tapis Lorena Canals, c'est acquiescer une pièce unique produite de A à Z par des artisans ayant une grande expérience. Lorena leur fait totalement confiance pour réaliser ses créations.

The screenshot shows the Doolittle website homepage. At the top, the logo "Doolittle" is displayed in a large, blue, serif font, with the tagline "de vrais enfants" in a smaller, lowercase font below it. The navigation bar includes links for "MUST HAVE", "BONS PLANS", "SOCIÉTÉ", "LOL", "DIY", and "CITY GUIDES". There are also social media icons for YouTube, Facebook, and Instagram, and a search bar with the text "chercher sur Doolittle".

The main content area features a date "Lundi 5 Mars 2018" and a featured article titled "LORENA CANALS, DE LA DÉCO ÉTHIQUE ET ÉCOLO" with the subtitle "Décoration & Accessoires". The article text reads: "Avec sa gamme de tapis lavables en machine, la designer Lorena Canals propose des pièces artisanales uniques et inspirantes. Pour imaginer ces tapis au concept original, l'artiste barcelonaise s'est imprégnée des paysages marins et lumineux de la Costa Brava. Confectionnés minutieusement par des créateurs indiens, les tapis sont tous réalisés à partir de coton et de laine 100% naturels. Le respect de l'environnement est au cœur de ses exigences prioritaires de la marque, qui n'utilise ni produits chimiques ni polluants pour fabriquer ses produits. On trouve une grande variété de modèles qui s'ajoutent aux goûts et besoins de tous les intérieurs, le tout en variant abondamment et surtout pratique à nettoyer. Curie sur le gîteau: ils conviennent particulièrement aux enfants allergiques, grâce à une élimination optimale de la poussière et des acariens." Below the text are two images: one of a child on a patterned rug and another of a window with a gold frame.

On the right side, there is a "Doolittle est social!" banner with social media icons. Below it is a blue banner for "Le grand jeu" featuring a child with a yellow toy. Underneath is a section titled "ARTICLES RÉCENTS" with two featured items: "PIMP MY BREAKFAST Food & lifestyle" and "CHAT PERCHÉ". Both items have a red "MUST HAVE" label.

### LORENA CANALS DÉCORE LES CHAMBRES D'ENFANTS !

La marque espagnole renoue avec ses racines et propose chaque été un thème pour donner les chambres des plus jeunes un caractère.

L'année dernière, la création de Lorena Canals nous ouvrait les portes de **sa maison à Barcelone**. Et depuis presque 30 ans, la marque innove en conjuguant créativité, solidarité et éco-responsabilité (notamment grâce au **Sakula Project**, une école/école qu'elle a ouvert en Inde pour venir en aide à la population locale). C'est là-bas que Lorena confectionne ses tapis (lavables en machine, la révolution) 100% coton et sans matières toxiques. Réalisés à la main sur place, la marque met toujours un point d'honneur à la qualité de ses produits, comme à la fabrication.

Cette saison, Lorena Canals dévoile trois thèmes inspirés des souvenirs d'enfance de la fondatrice : - **Tribute to cotton** -, - **Lebster** - et - **The English Garden** -, à destination des chambres d'enfants. L'un, en l'honneur du coton, son matériau de prédilection, un second en référence aux bords de mer (elle-même venue de Barcelone) et un dernier plus printanier, qui célèbre la floraison aux premiers rayons du soleil. Chaque saison, la marque innove et propose désormais plus que des tapis, mais une gamme complète (guirlandes, décoration murale, papiers...) pour habiller vos kids' rooms du sol au plafond. Et tout lavable en machine, évidemment ! What else ?

### Get Rid Of Carpeting

Washable area rugs on hard floors are cleaner than carpeting. [Lorena Canals](#)

If you're building a new home or renovating, allergy sufferers should avoid carpeting. Reiner says cork flooring is the best for allergy sufferers because it's both naturally antimicrobial and fire retardant.

But if you must install carpeting, she says, "100% wool is a great option." Choosing carpet squares instead of traditional wall-to-wall carpeting. "With tiles, you can just replace one small area as it wears over the long term."

Area rugs, while attractive, can attract dirt and dust. So choosing natural ones made with non-toxic dyes like the washable line from [Lorena Canals](#) is ideal. There are cute styles for children as well as more contemporary designs for every room in the home.

### BRIGHTEN THE FLOOR AND PROTECT IT

If you have a hardwood floor, you will want to bring a soft layer to the floor for you to be laying on and later for babe to be crawling on. If you have carpet in your nursery, we highly recommend you protect it with a rug. They add another point of interest to the room and will keep hard floors warm and carpeted floors safe.

europeanmommyof2 We collect memories through our life and adventures. Material things tend to lose their value, while memories are priceless. We keep them deep in our hearts, the ones that bring that feeling of warmth to our soul. The ones that will stay with us until the end. This weekend I got to spend in Charleston, SC for the @insta\_inspire\_retreat For me the most valuable part about this event wasn't just the new information I got to learn, but the fact that once again I had to push myself out of my comfort zone. I'm not a social butterfly by nature and I get anxious every time I'm surrounded by a large amount of people. Is this something I can ever change? Probably not. But I want

I'm going to have to break to rules and pick two. 1. Seeing post-it notes of Gods faithfulness and answers to prayers on two huge things 2. My ice cold sweet tea from @chickfila 🍹🍹 your turn >

maedchenmamasein Ich kann es kaum erwarten, dass wir Ostereier suchen... 🐰🐰 Zwar wird dieses Ostern sicher anders, als alle anderen, die wir noch erleben werden, aber wir machen das Beste draus, es ist immerhin das erste Ostern bei dem ich Mia richtig ein Nestchen suchen lassen kann und ich bin gespannt, ob sie mit machen wird und es findet() 🐭 Wann und was versteckt ihr für euerer Mäuse?
